A Scheme of Delegation for each academy sets out the responsibilities of the Local Governing Body and Principal / Head Teacher. The Principal / Head Teacher of each academy is responsible for the implementation of all policies of the Academy Trust.

Policy Statement

All pupils/students in the St. Benet’s family of Academies are entitled to support for their individual needs enabling them to develop skills, knowledge and understanding to ensure they meet their potential.

The Harleston Federation (thereafter referred to as The Academy) believes that:

- All pupils/students with SEND are entitled to a broad and balanced and differentiated curriculum that satisfies their individual learning needs by employing realistic and achievable methods.
- Pupils/students learning occurs alongside their emotional, physical and spiritual development.
- All teachers within the Academy schools are responsible for meeting the needs of their pupils/students using High Quality First teaching. Teaching Assistants will provide necessary support to facilitate this. All staff will use their “best endeavours” to meet the pupil’s needs.

Parents/Carers play an important role in each Academy supporting their pupil

- Pupils/students are expected to be active learners and will be consulted alongside their parents/carers to secure their success within each Academy.

- Pupils/students should be educated in a positive, caring and stimulating environment where everyone, including parents/carers, feel valued and are confident the pupils/students can achieve the best outcomes they are capable of.

1. Identifying SEND

1.1. The school has a clear approach to identifying and responding to SEND, and recognises that early identification and effective provision improves long-term outcomes for the pupils/students.

1.2. With the support of the SLT, classroom teachers will conduct regular progress assessments for all pupils/students, with the aim of identifying pupils/students who are making less than expected progress.

1.3. 'Less than expected progress' will be characterised using the following stipulations:

- Progress is significantly slower than the class average, from the same baseline
- Progress does not match or better the pupil's previous rate of progress
- Progress fails to close the attainment gap within the class
- The attainment gap is widened by the plateauing of progress

2. Definitions

2.1. For this policy, a pupil is defined as having SEND if they have a:

- Significantly greater difficulty in learning than most others of the same age.
- Disability or health condition that prevents or hinders them from making use of educational facilities used by peers of the same age.

2.2. Under the Equality Act 2010, a disability is a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities.

2.3. The school reviews how well equipped we are to provide support across the following areas:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and physical needs

Communication and interaction

2.4. Pupils/students with speech, language and communication needs (SLCN) have difficulty in communicating with others, often because they have difficulty saying what they

want, they cannot understand what is being said to them, or they do not understand or use social rules of communication.

2.5. The school recognises that:

- Pupils/students with Autism Spectrum (AS), including Asperger's Syndrome and Autism, can have particular difficulties with social interaction.
- The profile for every pupil with SLCN is different and their needs may change over time. They may have difficulty with one, some, or all the different aspects of speech, language or social communication at different times of their lives.

2.6. The SENCO will work with pupils/students, parents, and language and communication experts where necessary to ensure pupils/students with SLCN reach their potential.

Cognition and learning

2.7. Pupils/students with learning difficulties may require support – the school will offer learning support in line with its individual tuition procedures

2.8. The school understands that learning difficulties cover a wide range of needs, such as moderate learning difficulty (MLD), severe learning difficulty (SLD) and profound and multiple learning disabilities (PMLD). The SENCO will ensure that any provision offered will be suitable to the needs of the pupil.

2.9. Specific learning difficulties (SpLDs) affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

Social, emotional and mental health (SEMH) difficulties

2.10. Pupils/students may experience a wide range of social and emotional difficulties that manifest themselves in many ways, including becoming withdrawn or isolated, or displaying challenging, disruptive and disturbing behaviour. The school recognises that these behaviours may reflect underlying mental health difficulties such as anxiety or depression, and the school will implement a Social, Emotional and Mental Health (SEMH) Policy to support pupils/students with these difficulties.

2.11. The school will ensure that provisions and allowances are made for the ways in which these mental health difficulties can influence the behaviour of pupils/students with SEND within its Behavioural Policy, including how we will manage the effect of any disruptive behaviour so that it doesn't adversely affect other pupils/students.

Sensory or physical needs

2.12. Impairments that prevent or hinder pupils/students from using the school facilities, such as vision impairment (VI), do not necessarily have SEND. The school will ensure staff understand that:

- Some conditions can be age-related and can fluctuate over time.

- A pupil with a disability is covered by the definition of SEND if they require special educational provision.

2.13. Under The Equality Act 2010 (Disability) Regulations 2010, the following conditions do not constitute a disability:

- A tendency to set fires
- A tendency to steal
- A tendency to commit physical or sexual abuse towards others
- Exhibitionism
- Voyeurism

2.14. The school recognises, however, that pupils/students who have sensory or physical impairments may require specialist support or equipment to access their learning, regardless of whether or not their impairment falls under the SEND definition, and the SENCO will ensure that their support needs are being met.

3. Objectives

3.1. The school will meet the core aims of this policy by achieving the following strategic and measurable objectives:

- To follow the graduated approach outlined in the DfE's 'Special educational needs and disability code of practice: 0 to 25 years'
- To monitor the progress of all pupils/students to aid the earliest possible identification of SEND

4. Roles and responsibilities

4.1. The Local Governing Body should appoint an individual governor or sub committee to oversee the school's arrangement for SEND.

The Local Governing Body is responsible for regularly monitoring the school's policies and procedures, reviewing their impact on pupils/students with SEND, including on their mental health and wellbeing. Through this they should ensure that;

5.2. The school will ensure staff listen and understand when parents express concerns about their child's development.

5.3. The school will listen to any concerns raised by children themselves.

5.4. The school will ensure that:

- Children with SEND get the support that they need.
- Children with SEND engage in the activities that the school offers alongside children who do not have SEND.
- The SENCO is responsible for coordinating SEND provision.
- Parents are informed when the school makes special educational provision for their child.

 - Our arrangements for the admission of children with SEND
 - The steps being taken to prevent children with SEND from being treated less favourably than others

- The facilities provided to enable access to the school for children with SEND
- Our Accessibility Plan, showing how we plan to improve access over time

6. Children with specific circumstances

LAC

- 6.1. Pupils/students at the school who are being accommodated, or who have been taken into care, by the LA are legally defined as being 'looked after' by the LA.
- 6.2. The school recognises that pupils/students who are looked after are more likely to have SEND, and it is likely that a significant proportion of them will have an EHC plan.
- 6.3. The school has a designated member of staff for coordinating the support for LAC.
- 6.4. Where that role is carried out by a person other than the SENCO, designated teachers will work closely with the SENCO to ensure that the implications of a child being both looked after and having SEND are fully understood by relevant school staff.

EAL

- 6.5. The school will give particular care to the identification and assessment of the SEND of pupils/students whose first language is not English.
- 6.6. The school will consider the pupil within the context of their home, culture and community.
- 6.7. Where there is uncertainty about an individual pupil, the school will make full use of any local sources of advice relevant to the language group concerned, drawing on community liaison arrangements wherever they exist.
- 6.8. The school appreciates having EAL is not equated to having learning difficulties. At the same time, when pupils/students with EAL make slow progress, it will not be assumed that their language status is the only reason; they may have SEND.
- 6.9. The school will look carefully at all aspects of a pupil's performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

7. Admissions

- 7.1. The school will ensure it meets its duties set under the 'School Admissions Code' by:
 - Not refusing admission for a child that has named the school in their EHC plan.
 - Considering applications from parents of children who have SEND but do not have an EHC plan.
 - Not refusing admission for a child who has SEND but does not have an EHC plan because the school does not feel able to cater for those needs.
 - Not refusing admission for a child who does not have an EHC plan.

- Adopting fair practices and arrangements in accordance with the 'School Admissions Code' for the admission of children without an EHC plan.

7.2. Arrangements for the fair admissions of pupils/students with SEND are outlined in the Admissions Policy and will be published on the school website.

8. Involving pupils/students and parents in decision-making

8.1. Parents of pupils/students with SEND will be encouraged to share their knowledge of their child; the headteacher and SENCO will aim to give them the confidence that their views and contributions are valued and will be acted upon.

8.2. Parents will always be formally notified when the school provides their child with SEND support.

8.3. Decisions on whether the school will commission added provisions will be discussed thoroughly with the LA, parents and, when appropriate, the pupil involved.

8.4. Decisions about education will not unnecessarily disrupt a pupil's education or any health treatment underway.

8.5. The planning that the school implements will help parents and pupils/students with SEND express their needs, wishes and goals, and will:

- Focus on the pupil as an individual, not allowing their SEND to become a label.
- Be easy for pupils/students and their parents to understand by using clear, ordinary language and images, rather than professional jargon.
- Highlight the pupil's strengths and capabilities.
- Enable the pupil, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future.
- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on parents.
- Bring together relevant professionals to discuss and agree together the overall approach.

8.6. The class teacher, supported by the SENCO, will meet with pupils/students and their parents three times per academic year to set clear outcomes, review progress, discuss activities and support, and identify parental responsibilities.

9. Joint commissioning, planning and delivery

9.1. The school is committed to ensuring that pupils/students with SEND can achieve their ambitions and the best possible educational outcomes, as well as other opportunities, such as securing employment and living as independently as possible.

9.2. The school will work closely with local education, health and social care services to ensure pupils/students get the right support.

9.3. The school will assist the LA in carrying out their statutory duties under the Children and Families Act 2014, by ensuring that services work together where this promotes children and young people's wellbeing or improves the quality of special educational provision (Section 25 of the Children and Families Act 2014).

9.4. The school will draw on the wide range of local data sets about the likely educational needs of pupils/students with SEND to forecast future needs, including:

- Population and demographic data.
- Prevalence data for different kinds of SEND among children and young people at the national level.
- Numbers of local children with EHC plans and their main needs.
- The numbers and types of settings locally that work with or educate pupils/students with SEND.
- An analysis of local challenges or sources of health inequalities.

9.5. The school's Data Protection Policy will be adhered to at all times.

9.6. The school will plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:

- Improved educational progress and outcomes for pupils/students with SEND.
- Increasing the identification of pupils/students with SEND prior to school entry.

9.7. Where pupils/students with SEND also have a medical condition, their provision will be planned and delivered in coordination with the EHC plan.

9.8. SEND support will be adapted and/or replaced depending on its effectiveness in achieving the agreed outcomes.

10. Funding

10.1. The school will allocate the appropriate amount of core per-pupil funding and notional SEND budget outlined in the Local Offer for the SEND provision of its pupils/students.

10.2. Personal budgets are allocated from the LA's high needs funding block; the school will continue to make SEND provision from its own budgets, even if a pupil has an EHC plan.

11. Local Offer

11.1. The school's governing board will collaborate with and support the LA in developing and reviewing the [Local Offer](#), where necessary and appropriate, to ensure that it is:

- Collaborative: Where appropriate, the school will work with LAs, parents and pupils/students in developing and reviewing the Local Offer. The school will also cooperate with those providing services.
- Accessible: The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is

structured in a way that relates to pupils/students' and parents' needs, e.g. by broad age group or type of special educational provision; and is well signposted and publicised.

- Comprehensive: The school will help to ensure that parents and pupils/students understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.
- Up-to-date: The school will work with the LA to review the Local Offer to ensure that, when parents and pupils/students access the Local Offer, the information is up-to-date.

11.2. The school will provide the LA with information about their existing SEND provision and capabilities to support pupils/students with SEND to aid in the drafting of the Local Offer, where required.

12. Graduated approach

12.1. Once a pupil with SEND has been identified, the school will employ a graduated approach to meet the pupil's needs by:

- Establishing a clear assessment of the pupil's needs.
- Planning, with the pupil's parents, the interventions and support to be put in place, as well as the expected impact on progress, development and behaviour, along with a clear date for review.
- Implementing the interventions, with the support of the SENCO.
- Reviewing the effectiveness of the interventions and making any necessary revisions.

13. Assessment

13.1. The school will, in consultation with the pupil's parents, request a statutory assessment of SEND where the pupil's needs cannot be met through the resources normally available within the school.

13.2. Consideration of whether SEND provision is required, and thus an EHC plan, will start with the desired outcomes and the views of the parents and pupil.

13.3. The school will meet its duty to respond to any request for information relating to a statutory assessment within six weeks of receipt.

13.4. The school will gather advice from relevant professionals about the pupil concerned, including their education, health and care needs, desired outcomes and any special

education, health and care provision that may be required to meet their identified needs and achieve desired outcomes.

13.5. In tracking the learning and development of pupils/students with SEND, the school will:

- Base decisions on the insights of the pupil and their parents.
- Set pupils/students challenging targets.
- Track pupils/students' progress towards these goals.
- Review additional or different provisions made for them.
- Promote positive personal and social development outcomes.
- Base approaches on the best possible evidence and ensure that they are having the required impact on progress.

13.6. Detailed assessments will identify the full range of the individual's needs, not just the primary need and include [the 2021/2022 statutory arrangements for assessment](#) in conjunction with existing school arrangements.

13.7. Where possible, pupils/students' needs will be defined under the 'Special educational needs and disability code of practice: 0 to 25 years' broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

13.8. Where a pupil continually makes little or no progress, or is working substantially below expected levels, the school will consult with parents before involving specialists.

14. Training

14.1. Relevant staff members will keep up-to-date with any necessary training, which will be provided by the SENCO, as well as external agencies, where appropriate.

14.2. Training will cover both the mental and physical needs of pupils/students with SEND.

14.3. The training offered will be delivered to ensure equality, diversity, understanding and tolerance.

14.4. Mental health will be a key consideration for all training that the SENCO participates in, along with any training that staff are given.

14.5. During staff induction, all staff will receive SEND training.

14.6. Training will cover the following:

- Identifying SEND in pupils/students
- Liaising with the school's SENCO
- Implementing support measures

- Monitoring the success of those support measures
- De-escalation techniques
- Restraining techniques (for specific staff members)
- How to develop peaceful learning environments
- How to develop lessons so they are engaging for pupils/students with varying forms of SEND
- Reasonable adjustments
- How to help with emotional development

15. Promoting mental health and wellbeing

15.1. The school will implement a Social, Emotional and Mental Health (SEMH) Policy.

15.2. The school will ensure that there is a focus on promoting pupils/students' resilience, confidence and ability to learn in subjects across the curriculum.

15.3. Positive classroom management and working in small groups will be implemented to promote positive behaviour, social development and high self-esteem.

15.4. Specialist services will be available where a pupil requires such services.

15.5. Where appropriate, the school will support parents in the management and development of their child.

15.6. Peer mentoring will be used to encourage and support pupils/students suffering with SEMH difficulties. Mentors will act as a confidant with the aim of easing the worries of their mentee.

15.7. When in-school intervention is not appropriate, referrals and commissioning will be used instead. The school will continue to support the pupil as best it can.

15.8. For pupils/students with more complex problems, additional in-school support will include:

- Supporting the pupil's teacher, to help them manage the pupil's behaviour.
- Additional educational one-to-one support for the pupil.
- One-to-one therapeutic work with the pupil, delivered by mental health specialists/alternative provision – where appropriate.
- An IHP. All schools must comply with the statutory duty of caring for pupils/students with medical needs.
- Providing professional mental health recommendations, e.g. regarding medication.
- Family support and/or therapy, upon the recommendation of mental health professionals.

15.9. The school will consider whether disruptive behaviour is a manifestation of SEMH needs.

15.10. The school will focus on work that helps to build self-esteem and self-discipline with the aim of addressing disruptive behaviour.

16. EHC plans

16.1. The school will fully cooperate with the LA when research about the pupil is being conducted.

16.2. The school will provide the LA with any information or evidence needed.

16.3. All relevant teachers will be involved in contributing information to the LA.

16.4. Where the LA provides a pupil with an EHC plan, the school will involve the parents and the pupil in discussions surrounding how the school can best implement the plan's provisions to help the pupil thrive in their education, and will discern the expected impact of the provision on the pupil's progress.

16.5. The school will meet its duty to provide views on a draft EHC plan within 15 days.

16.6. If the decision is taken not to issue an EHC plan, the school will consider and implement the recommendations of feedback from the LA regarding how the pupil's outcomes can be met through the school's existing provision.

16.7. If the LA decides not to issue an EHC plan, the parents of the pupil, or the pupil themselves, will be informed within a maximum of 16 weeks from the initial request of an EHC assessment.

16.8. The school will admit any pupil that names the school in an EHC plan or EHC needs assessment process.

16.9. The school will ensure that all those teaching or working with a pupil named in an EHC plan are aware of the pupil's needs and that arrangements are in place to meet them.

16.10. All reasonable provisions will be taken by the school to provide a high standard of education.

16.11. Staff will be briefed about any potential problems and a procedure will be put into place to deal with certain situations.

16.12. The school will specify short-term targets sought for a pupil in terms of specific, measurable, achievable, realistic and time-bound (SMART) outcomes.

16.13. The school will review each pupil's EHC plan to ensure that it includes the statutory sections outlined in the 'Special educational needs and disability code of practice: 0 to 25 years', labelled separately from one another.

16.14. If a pupil's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the governing board or headteacher will request the LA to conduct a re-assessment of a pupil whenever they feel it

is necessary. Following the re-assessment, a final EHC plan will be issued within 14 weeks from the request being made.

16.15. The school will ensure that any EHC plan information is kept confidential and disclosed on a need-to-know basis.

16.16. Information regarding a pupil's EHC plan will only be shared with other educational settings if the pupil is transferring there, for the setting to develop an individual learning plan.

16.17. The school will take steps to ensure that pupils/students and parents are actively supported in developing and reviewing EHC plans.

16.18. Where necessary, the school will provide support from an advocate to ensure the pupil's views are heard and acknowledged.

16.19. The school will ensure that parents are consistently kept involved throughout the implementation of an EHC plan.

16.20. The school will ensure that the whole process of an EHC needs assessment and development takes no longer than 20 weeks from when the initial request was received.

17. Reviewing the EHC plan

17.1. The school will:

- Cooperate with the relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.
- Ensure that the appropriate people are given at least two weeks' notice of the date of the meeting.

- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Cooperate with the LA during annual reviews.
- Lead the review of the EHC plan in order to create the greatest confidence amongst pupils/students and their parents.
- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Prepare and send a report of the meeting to everyone invited within four weeks of the meeting, which sets out any recommendations and amendments to the EHC plan.
- Provide the LA and parents with any evidence to support the proposed changes and giving those involved at least 15 days to comment and make representations.

- Clarify to the parents and pupil that they have the right to appeal the decisions made in regard to the EHC plan.

18. Safeguarding

18.1. The school recognises that evidence shows children with SEND are at a greater risk of abuse and maltreatment and will ensure that staff are aware that pupils/students with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including, but not limited to, neglect and sexual violence or harassment.

18.2. The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils/students. These barriers include, though are not limited to, any communication difficulties the pupil may experience, and the common assumption that indicators of possible abuse are related to the pupil's complex needs or disability without further exploration, e.g. peer group isolation, injury, and changes to behaviour and mood.

18.3. The Trust will ensure that the Safeguarding and Child Protection Policy reflects the fact that these additional barriers can exist when identifying abuse.

18.4. Care will be taken by all staff, particularly those who work closely with pupils/students with SEND, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENCO.

19. Transferring between different phases of education

19.1. EHC plans will be reviewed and amended in sufficient time prior to a pupil moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new phase.

19.2. The review and amendments will be completed by 15 February in the calendar year of the transfer at the latest for transfers into or between schools.

19.3. The key transfers are as follows:

- Early years provider to school
- Infant school to junior school
- Primary school to middle school
- Primary school to secondary school
- Middle school to secondary school

19.4. For pupils/students moving from secondary school to a post-16 setting or apprenticeship, the review and any amendments to the EHC plan, including specifying the post-16 provision and naming the setting, must be completed by the 31 March in the calendar year of the transfer.
