22nd February 2022

Dear Parents/Carers,

2022 British Science Week is coming soon, running from 11th - 20th March, and it will be a week full of exciting, educational Science activities. This year the theme is 'Growth'.

Activities our junior Scientists will be taking part in at School include:

- British Science Week Poster Competition organised with the top 5 entries being sent into the national competition
- A scientific treasure hunt
- Key Stage 2 preparing year group presentations for our Science Fair
- Welcoming virtual visitors daily during collective worship, introducing to the impact that science has on various occupations and daily life

There are also some activities our junior scientists can take part in at home including:

- A home activity pack created by the British Science Week organisation:  
[https://www.britishtimeeweek.org/app/uploads/2019/02/BSA\\_EurotunnelTerminal\\_handout\\_1118\\_W1.pdf](https://www.britishtimeeweek.org/app/uploads/2019/02/BSA_EurotunnelTerminal_handout_1118_W1.pdf)

These fantastic opportunities aim to further engage and inspire children in the wonder of Science. If we have any parents working in Scientific areas who would like to contribute a short video explaining what you do, and the involvement of Science to our virtual assemblies, please do not hesitate to contact the school office.

Yours Sincerely

Miss Ingram
